THE REFERRAL BONUS

Teamwork always makes the dream work. We know that having a solid support group is important for success. As you start to assemble your tribe and help them thrive, you'll get rewarded in several ways while having fun! Your Enroller is also rewarded for your sales success, incentivizing you both to work together and truly making this a team effort. Collaboration at its best!

In this example, Helen invites Kate and James to her team. Helen as an influencer earns a 15% Referral Bonus!

200 BV + 800 BV = 1,000 BV
1,000 BV X 15% (Influencer rate) = \$150 Bonus

EARN A FREE BOX

Personally refer 3 customers to Velovita who choose to V-Fill (monthly product delivery) their order and your own next box of product is FREE*. Maintain these customers and you will continue to extend your free V-Fill every four weeks.

200 BV + 400 BV = 600 BV
600 BV x 10% (Promoter rate) = \$60 Bonus

James, as an Ambassador earns a 20% Referral Bonus for inviting Kristen to his team on either leg he chooses. It's all up to you!

800 BV X 20% (Ambassador rate) = \$160 Bonus

TEAM COMMISSION BONUS

In a consumer products business, more product sales equal more success! It's no secret that leveraging from a group of people can sell more than you can on your own.

With Velovita, building a team leads to more potential success.

Velovita uses a dynamic dual-team profit sharing model. Which means, structurally, you will have two teams, a team on your right and a team on your left. Meaning, each of the Members you enroll will be placed on your left leg or your right leg, it's your choice. Or, if you wish, our system will select the best placement for you so that you can get the most out of your profits.

TEAM COMMISSION

The Team Commission is calculated from the volume in your business (BV), which has two groups: a left team and a right team. You will be compensated based on the volume generated by your team members, specifically on the lesser of the two sides, referred to as your "pay leg."

To earn the Team Commission, you must reach the rank of Associate and collect 200 BV on one side of your team and 400 BV in the other team. This constitutes one cycle for which you will earn \$30 in Team Commissions.

Your Enroller/Mentor, may also make placements in your downline which can help you reach new levels of compensation and bonuses!
Teamwork makes the dream work!

Note: In Velovita, when you are Active, any unused BV, that was not used during Team Commission calculation will carry over to the following week to be used for future Team Commission cycles. Amount of maximum Team Commissions per week will increase with your leadership rank. See chart on Leadership qualification for details.

ROYALTY MATCHING BONUS

RESIDUAL INCOME

Focus on simply building your business in teams of two who each become Associates and get paid up to 7 levels deep on your team's sales!

MATCHING BONUS

Matching Bonus is based on Team Commission earned by Members you personally enroll, and then the Members that they personally enroll, up to seven degrees of separation!

Your focus as a valued Velovita Member is to create a strong customer base and to teach your Team Members how to do the same. As your Members succeed, your Royalty Matching Bonus can increase!

- The higher the rank you achieve, the more levels from which you can earn the Royalty Matching Bonus (RMB.)
- RMBs are “compressed” to allow you to earn commission on sales originating deeper within your team legs. Only active Members count as a level in the Matching Bonus calculation.
- This bonus follows the Enrollment Tree and is paid in the Weekly Bonus Period.

ROYALTY MATCHING BONUS

Our Royalty Matching Bonus pays you for developing successful Associates on your team, regardless of which leg of your Team they are placed. When they earn a Team Commission, Velovita will pay you a percentage based on the following schedule (see chart.) You can earn this Royalty Matching Bonus on every Associate you and your personal team enroll up to seven levels deep! Now that's leveraging at its best!

Note: This chart is a visual representation and is not a representation of your actual team structure.

YOUR 5 YEAR RETIREMENT PLAN IS HERE!

As a company dedicated to providing benefits and rewards to its Team, the Velovita 5-year retirement plan was created for Members who are enthusiastic and actively promoting the company and our products. We believe that people should be rewarded for their loyalty.

HOW IT WORKS

Members who have been active for 5 years or longer, regardless of rank achieved, will be able to retire with no annual renewal or Personal Business Volume (PBV) requirements and continue to receive their commissions*. We are serious! This is a true retirement package to reward the loyalty and efforts it took you and your Team to make Velovita a household name! We appreciate and **#LOVIT!**

** Retirees will be paid based on their structure and volume each week based on the Member Rewards Plan. Payments based upon team performance are not guaranteed by Velovita.*

TO RETIRE

70% Cap Rule: To ensure the strength and profitability of our business plan, commission payments are subject to a 70% cap rule. Velovita pays up to 70% of eligible commissionable volume generated over the lifetime of the plan. Should the projected commissions for any week exceed 70% of the current commissionable volume, Velovita will dilute Team bonus payouts for all Members to stay in line with our stated limits. All of our Members will experience this dilution at the same rate and proportion. Neither past nor present commission payments may exceed the 70% threshold, no exceptions. The 70% Cap Rule applies to all commissions of all pay cycles. Velovita realizes how important it is for our Members to receive their full payouts, and we have taken certain safeguards to prevent the above scenario from happening. When possible, any excess monies are retained to ensure that we never need to reduce Member commissions.
