Reduces the
Harmful Effects
of Oxidative Stress[‡]

Our proprietary blend of advanced active ingredients **help deliver rich nutrients** and remarkable results to help you **live more vibrantly**.

Feeding your cells properly means more energy, more stamina, more life to your day and a radiant, more powerful YOU!

uüth™ delivers your daily dose of **life-enhancement** at the cellular level to help you **look** and **feel younger** than you have in years.

Look Younger

Targeted nourishment on the inside, leads to a younger looking outside for a new-found confidence thanks to:

- Magnificent-feeling hair
- Healthy, strong nails
- Hydrated skin
- More youthful appearance

Feel Younger

uüth™ feeds your body's building blocks what they crave so you can enjoy:

- More gas in the tank for increased stamina
- Powerful antioxidant protection
- A robust immune system
- Enhanced feeling of wellness

OUR NEW, PROPRIETARY BIOHACKING FORMULA PACKS A POWERFUL PUNCH OF LIFE-ENHANCING NUTRIENTS.

What Your Body Needs

It's been said that collagen acts as a glue in our bodies. We naturally produce collagen to support healthy skin, hair, nails and joints. It's known to promote strength and structure to our connective tissue, tendons, bones and ligaments. Collagen even relaxes our blood vessels for better blood flow and circulation. Over time however, our bodies create less collagen which is why it's so vital to include as part of our daily diet.

Healthy Aging Properties

Regularly consuming collagen peptides can slow the signs of aging and reduce dryness. Thanks to the ability collagen has to strengthen our skin, several studies have shown increased hydration, elasticity and a more youthful appearance as a result.

Where most collagen products only address one part of the aging process, uüth™ feeds your body holistically to keep you looking and feeling your best for years to come.

Why Collagen Peptides?

These short strings of amino acids can be easier for the body to use than proteins due to their smaller size, allowing them to be utilized more efficiently. That's why!

Why D Biotin Pure?

This water-soluble vitamin (also known as B-7) helps metabolize carbohydrates and amino acids while helping to break down fat in the body and create the necessary energy our bodies need. Yes please!

Why Aronia Berries?

Why not!? Rich in fiber and vitamin C, this super berry is considered one of the world's more powerful superfoods and they're richer in antioxidants than any other fruit. Move over, blueberries!

Why S7™ Nitric Oxide?

It's a plant-based ingredient that's been clinically shown to increase nitric oxide (NO) by 230%. Our bodies already produce nitric oxide to help promote better circulation but as we age, we produce less.

Why NMN?

Otherwise known as Nicotinamide mononucleotide, this nucleotide promotes vascular health and improves muscle tone, endurance and strength. NMN can enhance the maintenance of DNA repair and increase mitochondrial function. Woah!

Why Rosa Roxburghii?

This plant-based extract is known for its remarkable high vitamin C content and is known for many other positive benefits.

In Chinese medicine, Rosa Roxburghii is also called "Long Life CiLi" and is believed to be a soother to the skin. It has been used as a topical ointment for decades.

Why SODs?

Containing both anti-aging and antioxidant properties, SODs carry the ability to reduce free radical damage to the skin, preventing wrinkles, fine lines, and age spots. SODs may also help with wound care, softening scar tissue and protection against UV rays!

INSTRUCTIONS TO enjoy more uüth™!

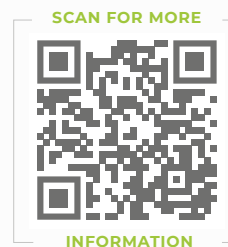

- 1 uüth™ comes in a **single-serving snap-pack** that's **fun and convenient to use!**

- 2 Take at least **once daily**. **Snap and squeeze** directly into your mouth. Store at **room temperature** or below to preserve freshness. May be **refrigerated**.

- 3 Use as a stand-alone product or, for **best results**, take in conjunction with **brän®** and **zlēm®** for a **triple play** to an **awesome day!**
